SUBJECT: **REVIEW OF THE COUNTY TREASURER'S STATEMENT OF NET
ASSETS FOR THE QUARTER ENDED SEPTEMBER 30, 2010**

California Government Code Section 26920 requires quarterly reviews of each county treasurer's statement of net assets in the county treasury. We contracted with an independent Certified Public Accounting firm, Macias, Gini & O'Connell, LLP (MGO), to review the County Treasurer and Tax Collector's (TTC) statement of net assets for the quarter ended September 30, 2010. MGO conducted their review in accordance with the Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. MGO also performed several agreed-upon procedures, primarily in the areas of cash and investment reconciliations.

MGO's review report (Attachment 1) indicates that they are not aware of any material modifications that should be made to the statement of net assets.

MGO's agreed-upon procedures report (Attachment 2) indicates they performed the following procedures:

1. Confirmed Treasury cash held by banks, and investments held by TTC's safekeeping agent and other custodians as of September 30, 2010.
2. Obtained TTC's bank reconciliations at September 30, 2010, and verified the bank accounts were reconciled to TTC's accounting records. Tested the

mathematical accuracy of the reconciliations and traced material items to supporting documents.

3. Obtained TTC's reconciliations of investments and other safekept securities at September 30, 2010, and verified the investments recorded in TTC's records were reconciled to TTC's custodial bank. Tested the mathematical accuracy of the reconciliations and traced material reconciling items to supporting documents.
4. Obtained TTC's reconciliations of cash and investments at July 31, 2010, August 31, 2010, and September 30, 2010, and verified that cash and investments were reconciled between TTC's records and the Auditor-Controller's records pursuant to Government Code Section 26905. Tested the mathematical accuracy of the reconciliations and traced material reconciling items to supporting documents.
5. Agreed the amounts reported on the Statement of Net Assets at September 30, 2010 to TTC's records.

MGO's agreed-upon procedures report did not identify any material exceptions. However, during their review of the Safekeeping Reconciliation for September 30, 2010, MGO did note that \$10 million in Los Angeles County Capital Asset Leasing Corporation (LACCAL) Bond Anticipation Notes (BANS) was miscategorized. MGO reported that, while the BANS were misclassified, the total value of investments recorded in TTC's records did reconcile to TTC's custodial bank's records.

TTC staff indicated that the miscategorization of the LACCAL BANS was due to a clerical error, and was corrected in the next quarter. TTC staff also confirmed that, because it was a categorization error in a reconciliation, and not an omission, the amount of LACCAL BANS for the quarter ending September 30, 2010 was reported correctly.

Please call me if you have any questions, or your staff may call Robert Campbell at (213) 253-0101.

INDEPENDENT ACCOUNTANT'S REPORT

The Honorable Board of Supervisors of the
County of Los Angeles, California

We have reviewed the accompanying special-purpose statement of net assets of the Los Angeles County Treasurer and Tax Collector (Treasury) as of September 30, 2010, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. All information included in the statement of net assets is the representation of the management of the Treasury.

A review consists principally of inquiries of Treasury personnel and analytical procedures applied to financial data. It is substantially less in scope than an audit in accordance with generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

The accompanying special-purpose statement of net assets was prepared for the purpose of complying with the California Government Code Section 26920 as discussed in Note 1, and is not intended to be a presentation in conformity with generally accepted accounting principles.

Based on our review, we are not aware of any material modifications that should be made to the accompanying special-purpose statement of net assets in order for it to be in conformity with the basis of accounting described in Note 1.

This report is intended solely for the information and use of the Board of Supervisors, Treasury and Auditor-Controller management, and is not intended to be and should not be used by anyone other than these specified parties.

**LOS ANGELES COUNTY TREASURY
NOTE TO THE STATEMENT OF NET ASSETS
SEPTEMBER 30, 2010**

Note 1 – Summary of Significant Accounting Policies

The Financial Reporting Entity

The Los Angeles County Treasurer and Tax Collector (Treasury) is responsible for tax collection, banking, investment and accountability of public funds. The Treasury maintains two investment portfolios, the External Investment Pool portfolio (the Pool) and the Specific Purpose Investment (SPI) portfolio with approximately \$21.52 billion and \$76.81 million, respectively, in total net assets as of September 30, 2010. The Pool is managed by the Treasury on behalf of the Pool participants, which include the County, local school districts, and the Superior Courts who are required by State statutes to participate in the Pool and other municipal agencies. SPI portfolio participants in the Treasury consist of the Sanitation Districts, the Metropolitan Transportation Authority, the South Coast Air Quality Management District and certain other municipal agencies. The deposits held for all entities are invested in the Pool and SPI portfolios. The Treasury also maintains Other Specific Investments totaling approximately \$.30 million at September 30, 2010. These assets are held by the Treasury for a municipal agency per Section 1300.76.1, Title 10, California Code of Regulations (State Code). The State of California allows the Board of Supervisors (Board) the ability to delegate the investment authority to the Treasury in accordance with Section 53607 of the California Government Code.

Pursuant to a change in California Government Code Section 27131, the establishment of a County Treasury Oversight Committee became optional and no longer mandatory. As a result of this change, the Board disbanded the County Treasury Oversight Committee on November 12, 2008 due to its limited functions. The Pool is not registered with the Securities and Exchange Commission (SEC) as an investment company.

Treasury's Investment Strategy

The Treasury's investment strategy for the Pool is to maintain the principal and to provide sufficient cash to meet disbursement needs. The cash flow needs of the Pool members are monitored daily to ensure that sufficient liquidity is maintained to meet the needs of participants. The Treasury's basic investment strategy is to buy and hold, to a designated maturity, high quality fixed income investments.

The SPI portfolio is used to account for the net assets of individual investment accounts, in aggregate. The related investment activity occurs separately from the Pool and is provided as a service to Pool participants and external investors. The individual investment strategies are targeted for the needs of the requesting entity.

The Other Specific Investments are used to account for the assets placed with the Treasury pursuant to State Code. The investment activity occurs separately from the County's Pool and the related investment strategies are governed by State Code.

Financial Statement Presentation

The accompanying special-purpose statement of net assets was prepared on the accrual basis of accounting and for the purpose of presenting the net assets of the Treasury pursuant to the California Government Code Section 26920 and is not intended to be a presentation in conformity with generally accepted accounting principles. Accordingly, note disclosures required by Governmental Accounting Standards Board Statement No. 40, *Deposit and Investment Risk Disclosures, an amendment to GASB Statement No. 3*, are not presented, since such disclosures are not required by the California Government Code Section 26920.

Treasury management is responsible for the Statement. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in the report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

3. Obtained the Treasury's reconciliations of investments and other safekept securities at September 30, 2010 and verified the investments recorded in the Treasury's records were reconciled to the Treasury's custodial bank.
